

BIGTILT

BY WELLPUTT

THE ULTIMATE GAME-CHANGER IN PUTTING TRAINING

THE JOURNEY BEGINS

WELLPUTT HISTORY

The story began in 2010 in a little town in France at the home of Boris Pansart, the founder and creator of Wellputt. Boris had invited some Tour players to his home, and for the entertainment, he organized some putting games in his living room. While the guests were putting, his 5-year-old daughter came into the room and started drawing circles and lines on the carpet with her chalk pastel set, and that's when it all clicked.

Today, thanks to Boris's innovative vision and golf knowledge, Wellputt has established itself in the Golf World as the brand you can trust to take your putting game to the next level.

THE WELLPUTT CONCEPT

#1 IN PUTTING TRAINING

Wellputt's concept is to help players get better at golf, specifically in the "art of putting," through innovative training concepts that combine the science of putting with the essential elements of a successful performance. Each training tool has been deliberately engineered to assist golfers in building the 3 key pillars of successful putting; Technique, Feel, and Performance through a unique, fun, and efficient training process.

If you are serious about lowering your golf scores, Wellputt's training solutions are the "game-changers" you've been looking for. Tested and approved by Cameron McCormick, coach of Jordan Spieth; you can bet your bottom dollar; they are good!

BIGTILT

BY WELLPUTT

WHAT?

YOUR PUTTING SOLUTION

The BigTilt putting platform is your complete putting training solution. Develop distance control, green reading skills and a Tiger-like “Make-it-mindset” by training your feel and vision on various slopes from 0% to 5% alongside a Well-line projection system that projects three different lines of break according to 3 different speeds and much more.

WHY?

ENHANCES PUTTING FUNDAMENTALS

World-class putting performances don’t just happen; they are developed. The BigTilt enhances your ability to read greens with accuracy and consistency while also improving your putter aim, stroke path, and start line control on various slopes, which equates to you making more putts.

WHO?

FROM BEGINNER TO ADVANCED GOLFER

Whether you are a beginner or an accomplished professional, the BigTilt putting platform is for you. It’s the ideal tool to reproduce real-life on course putting scenarios for effective putting training, training you can take to the course.

Total size : 10.5x9.8ft / 3.2x3m

Well-Line Technology is the new high-tech software from Wellputt. It's loaded with a putting training program with tour-level drills to upscale your skills, assisted by light projections, which indicate ideal lines of break, start line, target line, and more.

Coupled with the BigTilt's adjustable platform, this new training concept challenges you in real-life game situations with sidehill, uphill, and downhill putts. The Well-Line system indicates a line of break; as you match the ideal pace to the projected line of break, you'll see more and more putts drop in the cup, and your confidence will increase.

The Well-Line projection system performs optimally in a low-light environment, so when the moment is right, make sure and turn the lights down low for a memorable performance.

THE TILTING PLATFORM

DEVELOP YOUR VISION AND FEEL

The BigTilt's platform is operated through the BigTilt Pro Max app; download the app, connect and let the training begin. Choose the line projections to train your visualization and change the slope to fine-tune an Aimpoint feel that accurately assesses the slope beneath your feet.

THE WELL-LINE

TRAIN FUNDAMENTALS & TECHNIQUE

The Well-Line technology is a dream come true for running, putting drills & training your technique. It combines all the best training methods in a controlled and indoor environment. It's a top-class putting training system that revolutionizes how golfers can train their putting.

THE TRAINING FEATURES

TRAIN TO PERFORM WHEN IT MATTERS MOST

The BigTilt's training program is fully loaded with exercises and games designed to help you develop the three key pillars of putting excellence; technique, feel, and performance. Start line accuracy, distance control, green reading and performance training are guaranteed to get you rolling the rock like a pro!

LINE OPTIONS

VISUALIZE YOUR PUTT

Visualization and perception are linked to successful putting performances. You must read the slope accurately, see your line clearly, and then trust what your eyes are telling you to impart the required touch for a successful putt. The Well-Line projection system allows you to develop proficiency in both of these vital areas with visual markers to improve your muscle memory.

Feet Alignment: To help you with setup.

Aim Line: Visualize the correct aiming point to start the putt on.

Well-Line: See the ideal line for any breaking putt by Wellputt.

WELL-LINE - VARIOUS LINE OPTIONS

WELLSTROKE 12° → 24° - THE MOTION PUTTING GUIDE

AIM LINE - AN ADDITIONAL VISUAL TOOL

GATE LINE - VISUALIZE YOUR TRAJECTORIES THROUGH PROJECTED GATES

APP TRAINING PROGRAMS INCLUDED WITH YOUR BIGTILT PURCHASE

It's a simple and intuitive app, so you can train freely or remotely with your coach on your platform at home.

The exclusive putting exercises for your BigTilt Pro are available on mobile phones and tablets!

This app offers a training program with exercises designed by professional coaches to improve your putting skills. Each program has a number of activities suited to your training needs.

MANY EXERCISES TO TRAIN WITH!

SPEED CONTROL

Dial-in PGA Tour Level distance control

AIMING PROGRAM

Develop target precision

BIGTILT PUTTING PLATFORM INSTALLATION REQUIREMENTS:

What are the ideal lighting conditions for your new BigTilt putting platform?

To start, we recommend avoiding exposure to direct sunlight as that creates a challenge in viewing the line projections.

Secondly, a dimmable light source is optimal and should be uniform throughout the platform.

The installation of any lighting in the room is the responsibility of the customer and is not included in the BigTilt putting platform installation package.

POWER

Requirements:

1x 110V Or 220V (Min. 10 A)

WIFI

Requirements:

1 x Internet wireless connection near the Platform

LIGHTING

Requirements:

Minimum Lighting level - 150 LUX
Maximum Lighting level - 350-400 LUX
Optimal Lighting level - 200 LUX

CEILING HEIGHT

Requirements:

Minimum Height: 7.54 FT/ 230 CM
Optimal Height: 8.20 FT / 250 CM

HOW TO ORDER?

To order now or for more information,
please send us an email at bigtilt@wellputt.com

HOW IS DELIVERY DONE?

We ship worldwide.
The conditioning is done on a single pallet.

7ft x 3.4ft x 5.2ft / 214cm x 103cm x 159cm
1653lbs / 750kgs.*

4.9ft x 3.4ft x 7.4ft / 149cm x 103cm x 225cm
1653lbs / 750kgs.*

IT COMES WITH:

- 4 Corner cylinders
- 8 Side cylinders
- 16 Intermediate side modules
- 1 Wellputt Mat
- 9 Board modules equipped with their holes

Added with the Well-Line system :

- + 1 Video projector

ANY ISSUE?

Our solutions are tested and approved to withstand intensive use and last several years. If a problem occurs, the defective piece can be replaced as each part is easily dismountable.
See warranty conditions on our website.
